MEMORANDUM FOR: Mr. Walter Elder

SUBJECT: Facts About Mission 9028

1. As agreed in our telecon I am forwarding herewith as Enclosure I some of the essential data on Mission 9028. Perhaps you would like to show this to General Cabell or brief him from it. I hope it may serve a worthwhile purpose.

2. In future efforts, particularly where we have only marginal success, NPIC will set down a brief summary of the mission highlights as soon as practicable after the OAK reporting has been completed.
